Fashion is the armor to survive the reality of everyday life.

I think there is beauty in *everything*.
What 'normal' people *perceive* as ugly,
I can usually see something of *beauty* in it.

Fashion is very important. It is life-enhancing and,
like everything that gives pleasure, it is worth doing well.

Anyone can get dressed up and glamorous, but it is how people dress in their days off that are the most intriguing.
