

A NEW AF FAIR

A saree is the perfect way of proudly flaunting who I am without having to say it. Everyone drapes a saree slightly differently and everyone's body looks different in it. But women in sarees are like snowflakes. Unique yet beautiful in their own way.

FASHION *Indian*

A saree makes me feel the way no other garment can: a strange mix of a sex symbol and a pious goddess.
Love is when he kneels down to help you make perfect pleats for your saree.

God made a lot of beautiful things to give to India, and the beauty of an Indian woman in a saree was at the top. I'm wearing Indianness in the form of a saree.

Saree is the sexiest garment ever. It shows you the right amount, it covers the right amount. It's extremely versatile, it suits every body type. It suits every face. The saree makes a woman look sexy yet graceful all at the same time.

A woman with long dark hair is standing in a traditional Indian room, wearing a vibrant, multi-colored saree with a geometric pattern. She is holding the saree's border, which features a wide, colorful band. The room has a textured wall, a wooden cabinet with a brass bowl on top, and a large, ornate mirror leaning against the wall. The floor is covered with a patterned rug. The overall atmosphere is elegant and traditional.

Indian FASHION

The saree makes a woman look sexy yet graceful all at the same time. When you walk in a saree, you must kick the pleats. It's more comfortable that way.

Sarees are like Indian women – so versatile. From business meetings to first nights, from political speeches to red carpets, from college farewells to Indian kitchens, they truly have many avatars. A saree is not just a garment. It's a power, an identity, a language.
