Fashion is the armor to survive the reality of everyday life. We don't design clothes. We design dreams. Fashion is very important. It is life-enhancing and, like everything that gives pleasure, it is worth doing well.

DO MORE OF WHAT MAKES YOU HAPPY

What's my style is not your style, and I don't see how you can define it. It's something that expresses who you are in your own way. Fashion is part of our culture, and it's about more than just a pretty dress.

It makes us feel good, unique, and beautiful. Moreover, fashion boosts the economy and creates jobs for a huge number of people. Don't be into trends. Don't make fashion own you, but you decide what you are, what you want to express by the way you dress and the way to live

The best fashion advice I'd say would be just to do what makes you comfortable and what makes you feel cute, and that's how you're gonna look your best 'cause when you feel your best, everybody else can feel it, too.
