In the 21st century, the digital revolution has transformed the fashion industry, bringing the world closer than ever before. The fashion industry has embraced the digital revolution, and the world has embraced the fashion industry. The digital revolution has transformed the fashion industry, and the world has embraced the fashion industry. The digital revolution has transformed the fashion industry, and the world has embraced the fashion industry. The digital revolution has transformed the fashion industry, and the world has embraced the fashion industry.

"In the 21st century the west, trends of the fashion industry dominate the world more than they ever did, and control the way the way people dress the same trends in home wear, denim, casual fashion and people's overall attitudes. In the 60s flower power did not only mean flowers and music, it was the whole attitude of a generation, and this is even more prominent today."
